- Only residents that are registered on the Zema system will be able to generate access codes. Please ensure you are registered on the system. For registration queries contact the estate manager.

- When an access code has been requested, the Pin number is sent to your visitor and is active for the current day. Future/Group/
Regular bookings are possible on the app and will then be activated accordingly.

- The Pin code is valid for single entry and exit only and logged together with the data captured on entry.
