In-app Store

Your estate's marketplace - simplified and convenient.

The OpenItem Shop enables residents and users to pay for estate-approved products, services, and events directly from the mobile app, supported by various secure payment gateways. From recurring estate services such as SW Bins to event tickets and community offerings, all transactions are cashless, traceable, and seamlessly processed. Administrators retain full control over listings, pricing, approvals, and reporting, while residents benefit from a simple, transparent, and convenient purchasing experience—all within one trusted platform.
